

**Prof. Dr. Jan Kaźmierczak**

*Silesian University of Technology, Polish Academy of Sciences, Poland*

General information

**Date of birth:** 4<sup>th</sup> April 1950  
**Place of birth:** Katowice, POLAND  
**Nationality:** Polish

Fields of Research

**Production Engineering, Smart Cities, Industry 4.0, Engineering Education**, Innovation Management, Assessment of Social Impact of New Technologies and Products (**Technology Assessment - TA**), Maintenance Management, Engineering of Acoustical Environment, Computer-Aided Engineering,

Professional experience

Silesian University of Technology, Faculty of Organization and Management, Institute of Production Engineering, Professor

President of the Polish Society of Technology Assessment

Member of the Presidium of the Committee on Production Engineering of the Polish Academy of Sciences

Research work

**Areas of Research Projects:**

expertise in the area of implementing and assessing innovations, management of data from maintenance of technical systems, implementations of tools of CMMs class (Computerized Maintenance Management systems) in industrial practice, analysis of vibroacoustic hazards in labor environment, development of acoustic maps using GIS technology, Technology versus Smart City model, Technology Assessment

**Areas of other Expertize:**

Evaluation of B+R projects co-financed by EU Programs
